## The Most Holy Trinity

Over the centuries the Trinity has been one of the most fascinating aspects of our faith. It is an area of Christian faith that has bothered some of the greatest thinkers. St Thomas Aquinas, one of the greatest theologians probably answers it best when he said “*Whenever we speak about God, there is only one thing we can be sure of, that we're wrong*”

When we think of the mystery of the Trinity we can get very tied up in numbers - one in three, three in one - the mystery of the three persons in one God.

This feast is one that calls on us to be full of gratitude for our faith and to celebrate with one another God's closeness to us. Whenever we gather for Mass, the great prayer of thanksgiving, we are always reminded that we are caught up in the mystery of the Trinity.

Some of the best things in life are appreciated rather than understood and that is very much the case when it comes to the Blessed Trinity.
